at Vasanthanagar. The process of shifting them started during January 1967. After issuing notices and giving necessary time as required by the slum-dwellers, shifting was done very gradually as and when the slum dwellers voluntarily made up their mind to vacate and shift to the new sites allotted to them. Only those slum dwellers who have been allotted alternate sites as stated above are made to shift. Other bona fide dwellers who have not yet made up their mind and who have not yet been allotted sites elsewhere are not disturbed. So far 79 ex-servicemen and Harijans have been shifted to Pillana Garden and Sonnenahalli layouts since these 6 months. Another 75 families have to be shifted. As it is raining since two weeks, shifting and demolition of huts has been suspended. Only the huts of one or two families who voluntarily vacated their huts have been demolished during this period. The slum dwellers to be shifted elsewhere have been sympathetically treated by the City Improvement Trust Board all along. As a special case for those dwellers that are shifting to other layouts where sites have been allotted, facilities such as conveyance and help of gangmen are provided for shifting their household and building materials to their new destination. The City Improvement Trust Board has been very generous in giving temporary possession of sites at Pillana Garden to these hut dwellers pending payment of full value of sites on a future date. No force or coercive method whatsoever has been adopted in demolishing these huts. Only after the dweller vacates, the household materials are shifted with the assistance of the City Improvement Trust Board demolition work is taken up. Hence, there is no harassment to the dwellers by the City Improvement Trust Board in any manner.

MYSORE AGRICULTURAL PESTS AND DISEASES BILL, 1967.

Motion to consider

(Debate continued.)

Mr. SPEAKER.—This Bill had been allotted 1½ hours. We have already spent an hour and a few minutes. There was a suggestion by the last speaker yesterday who participated in the Debate that it might be referred to a Select Committee.

Sri S. NIJALINGAPPA.—I also heard it. However, I wish that it is not unduly delayed. It is better it is brought in the present Session.

Mr. SPEAKER.—It depends upon the Whips as to how they agree to do it.

Sri S. NIJALINGAPPA.—Let them discuss and do it. A few friends told me that it is better to refer it to a Select Committee.

Mr. SPEAKER.—After all, it is an important matter in which everybody is interested. If it is being referred to a Select Committee, I think, one or two members can participate in the Debate. I call upon Sri Channe Gowda.
